Forecast For London & Southeast England
Issued by Met Office Exeter
at 0400 on Saturday 04 Dec 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Early rain, then brighter before cloud and showers arrive. Cold.

Today:
Early outbreaks of rain soon clearing. Then temporarily sunny spells before cloudy conditions with scattered sometimes heavy showers with a chance of hail, arrive from the northwest this afternoon. Becoming breezy later, and feeing cold everywhere. Maximum temperature 7 deg C (45 deg F).

Tonight:
Many places dry with broken cloud and only isolated showers, but later tonight areas of heavy rain are likely to arrive. Breezy. Lowest temperatures in the west. Minimum temperature -1 deg C (30 deg F).

Sunday:
Largely cloudy with outbreaks of rain gradually dying away, these locally heavy at first. Breezy through the morning, winds easing later. Feeling cold. Maximum temperature 6 deg C (43 deg F).

Outlook for Monday to Wednesday:
Monday or Tuesday windy at times with bands of rain and strong winds tracking east. Sunshine and scattered showers Wednesday, and potentially very windy, Rather cold, some overnight frosts.
